For traders and builders alike, the real alpha will come from understanding how value migrates between these worlds. The Stripe Tempo news signals that the base layer is now strategic real estate. And in markets, whoever controls the rails eventually controls the margins.

Retail and online stores

For any blockchain ecosystem, growth depends on a vibrant cycle: developers build a variety of applications, which attract active users, whose presence then encourages more developers to build.

According to CoinGecko's Q3 2025 report, the global crypto market expanded for a third consecutive quarter, adding roughly \$563 billion in value to reach \$4 trillion, its highest level since 2021. Galaxy's results reflected that broader trend, underscoring continued strength across the digital-asset industry.

"We have hashing technologies, where we have the ability technologically to detect CSAM proactively," the spokesperson said. "That's something that's sort of an industry-wide standard, and we're able to block it from appearing in search."

Not everyone in crypto has popped open the champagne following Waller's announcement, however. Caitlin Long, founder of Custodia, a Wyoming-chartered crypto bank that has sought for years to earn a full-fledged master account, cautioned Tuesday that Waller specified the Fed's new program would apply to "legally eligible entities" if enacted—and that the devil is in those details.
