“Fast forward a few years: Corporate chains will end up with the complex tech but without the added value for users, which is no central entity to control them. At that point, these chains will lose the focus from corporates.”

DeFi and retail among contributors

Similarly, the Coinbase app now ranks 29th in the US App Store within the finance category, a significant drop from its third-place position in January, according to data from The Block.

"The markets teach you, you always have to relook at your assumptions," Fink told CBS last week. "There is a role for crypto in the same way there is a role for gold, that is, it's an alternative."

Lastly, people forget how much cultural alignment matters. Ethereum has an identity, and Bitcoin has a mission. If you can articulate a vision that resonates with a specific user base, whether privacy maximalists, DeFi degens or regional adoption niches, you can outmaneuver corporate L1s in those segments.

Experts say this automation is a crucial source of protection against "the rising tide of software supply chain attacks targeting cryptocurrency," and proves effective even if malware isn't accompanied by social engineering attacks.
