By using trusted custodians, a diversified network of validator partners and transparent reporting, Grayscale has established a secure and compliant way for investors to participate in staking. It has turned staking from a complex, retail-oriented process into a professional investment opportunity.

At the time of writing, Floki has jumped by nearly 27% on the day to a price of \$0.000086 and an \$829 million market cap, with some claiming that it's a sign that Musk is losing his pull. Others pushed back, stating that Floki is simply a larger asset than last time, thus making its price harder to move from a single social media post.

The Sun statement the Bubblemaps team was referring to appeared on X in Mandarin. In it, Sun said the wallet “only generally did a few exchange deposit tests, the amounts were very low, then did a distribution to one address.” He added that the tests “did not involve any buying or selling,” and that it would have been impossible for the token movements to have impacted the market.
