Finally, enforce safety and governance. Given moderation issues and risks of single-source reliance, set a hard rule that no Grok-generated signal can directly trigger live trades without external verification. Multiple independent checks should always precede capital deployment.

Each week features a new “Challenge” centered on a specific theme, such as decentralized finance (DeFi) or gaming. To complete a Challenge, users must finish a series of onchain “Quests,” which are individual tasks like swapping a token or minting an NFT on a participating decentralized application (DApp).
