The acquisition of GTreasury marks Ripple's third acquisition in 2025, including the \$1.25 billion purchase of Hidden Road, a prime brokerage company, and stablecoin platform Rail. Both acquisitions highlight the growing relationship between traditional and digital finance.

"Dollar dominance by the end of that period went from 27% in GDP terms but to 57% of central bank reserves, and 80% of financial transactions, quotes," he said, adding:

While some market observers believe that the traditional crypto four-year cycle is about to be broken, analysts told Decrypt this week that they believe some traders

are still following the classic rulebook—and selling due to the expectation of falling prices ahead.

"The bill ensures that the companies driving up New Yorkers' electricity rates pay their fair share, while providing direct relief to families struggling with rising utility costs," Senator Krueger said in a statement when S8518 was introduced.

The index combines three components to capture overall market psychology: the Fear & Greed Index (reflecting macro mood and volatility), CoinGecko's up/down votes (reflecting retail sentiment) and a rolling normalization layer that aligns both in a one-year window.

This infrastructure forms a critical bridge for crypto adoption, enabling users to connect traditional bank accounts to digital asset exchanges, connections that could otherwise be blocked by banking executives hostile to crypto.
