Comprehensive Guide to okx

Chart patterns are shapes formed by price movements that help traders anticipate future market trends. These patterns fall into two main categories: reversal patterns, which signal that a current trend may change direction, and continuation patterns, which suggest the trend will likely resume after a brief pause. They stem from market psychology, where emotions like fear, greed and uncertainty drive collective trading behavior and create recognizable shapes on charts.

"Ultimately, by decoupling energy infrastructure from mining, HUT will increase its financial flexibility and put itself in a stronger position to execute on growth opportunities at scale while preserving upside exposure to bitcoin through a 64% stake in American Bitcoin," the note read.
