This article discusses what crypto staking is, what has prevented greater institutional participation and how Grayscale has encouraged the institutionalization of crypto investment. It also highlights regulatory and market changes surrounding staking and explains how Grayscale's spot crypto ETPs deliver staking yields to investors. Finally, it outlines the risks associated with staking funds and shows how Grayscale's ETPs have shifted crypto from a price-tracking asset to an income-generating one.

One of the most recent notable plays includes the incubation of a competing layer-1 blockchain, Tempo, in partnership with fintech giant Stripe.

As part of its equity stake announcement, the firm also shared that it is adding Toronto Blue Jays Vice Chairman Roger Rai to its advisory board to advise its sports operations on best practices and commercial partnerships.

The vehicles, known as self-managed superannuation funds, are private pension accounts that allow Australians to manage their own retirement savings instead of entrusting them to large industry or retail funds.

Such an integration would create a multimodal AI tool that can handle various types of media and provide comprehensive search results.

He believes this outlook bodes well for a sustained rally through the year's end, noting that "historically, October through December are the most active and bullish months for Bitcoin."
