DAT crypto holdings continue to surge. Source: Coinbase

Bitcoin this year has surged off the back of pro-crypto President Trump's election win and subsequent inauguration. Since taking office, the Republican, who campaigned on a ticket to help the industry, has pushed digital asset-friendly policies, including plans for a strategic Bitcoin reserve.

In comparison, OpenAI has reached a \$500 billion valuation to become the world's largest startup, Cointelegraph reported on Oct. 2. The company raised a

cumulative \$57 billion worth of capital across 11 funding rounds, according to company database platform Tracxn.

Strategy notched its third smallest Bitcoin purchase of the year, disclosing that it had spent \$18.8 million on 168 Bitcoin last week, according to a Monday press release.

Users of prediction market Myriad, launched by Decrypt's parent company DASTAN, place a roughly 60% chance on Bitcoin's dominance surging to 64% instead of dropping down to 54%, down from 69% at the start of the month.
