The meme coin group has been gloating online about the attention their marketing gimmicks have been receiving, encouraging each other to share and repost any mention of their stunts in the hopes of getting more people to buy their token.

Also, the candlesticks have started to show signs of extreme FOMO. A parabolic chart is already hyperbullish, but a parabolic chart in which the bodies of the latest candlesticks are moving faster than the support, is probably too good to be true. Common sense says there must be a correction for markets to find some balance.

De-risking phase takes over market

With court approval, the repayment deadline was extended from Oct. 31, 2024, to Oct. 31, 2025, and the trustee urged remaining creditors to finalize their submissions through the Mt. Gox claims portal.

In April, Google joined Meta, OpenAI, and other generative AI developers in pledging to enforce guardrails that would keep their respective AI models from generating child sexual abuse material (CSAM).
