The firm also offers Bitcoin and XRP-themed credit cards, all of which offer up to 4% back on purchases in instant crypto rewards.

Launched by Grayscale Investments, one of the largest digital asset managers, this staking-enabled exchange-traded product (ETP) signals a new phase in crypto's maturation and integration with traditional finance. It's more than a fund; it's a bridge providing traditional investors a regulated pathway to tap into the growth potential of crypto staking.

Admit it or not, software is deployed by developers and used by communities for certain purposes. And when hackers at cross purposes exploit the software to take things from those communities, some of the victims will appeal to the government for help. And sometimes those governments will respond by sending men with guns to restrain the hackers and imprison them.
