Comprehensive Guide to okx you have previously approved malicious contract

In 2025, crypto remains a mix of opportunity and challenge. Prices continue to fluctuate as fresh regulations, new tech and AI trends influence how the market moves.

More advanced traders may be inclined to consider selling covered calls. Covered calls benefit from overbought, parabolic rallies—if the rally stalls, you keep the premium; if price indeed explodes, your gains are capped but protected from a sudden selloff.

Commenting on the price action, CEA Industries CEO David Namdar told Cointelegraph that BNB was the “most overlooked blue-chip in the market,” and that the rally reflected the market catching up to the token’s fundamentals.

A quick push below support (often just a wick), followed by an aggressive reclaim and a strong close back inside the range.

The crypto exchange sent a letter to the Treasury on Friday, responding to the agency's request for comment on innovative methods to detect illicit activity involving digital assets.
