“Most respondents are bullish on Bitcoin,” David Duong, head of research at Coinbase Institutional, wrote in a research report titled “Navigating Uncertainty.”

While the funding round marks a significant early win for Tempo—a layer-1 blockchain that will support payment processor Stripe’s aggressive push into crypto—it was not the biggest news about the project that rocked Crypto Twitter on Friday.

Last week, the Financial Stability Board warned that crypto firms are exploiting loopholes in fragmented global regulations, threatening financial stability as countries adopt wildly different approaches to policing the digital asset market.

Google's newly released AI-powered search results are garnering lots of attention—for the wrong reasons. After the tech behemoth announced a host of new AI-powered tools last week as part of a new “Gemini Era,” its trademark web search results changed significantly, with natural language answers to questions displayed above websites. “In the past year, we’ve answered billions of queries as part of the search-generated experience,” Google CEO Sundar Pichai told the audience. “People are using it...
