The private placement serves both as a financing mechanism and a tool for digital asset treasury management, providing immediate access to fresh capital and enabling Zeta to raise funds faster with less overhead on regulatory compliance.

Admit it or not, software is deployed by developers and used by communities for certain purposes. And when hackers at cross purposes exploit the software to take things from those communities, some of the victims will appeal to the government for help. And sometimes those governments will respond by sending men with guns to restrain the hackers and imprison them.
