“No one should go into a pissing match with Jack when it comes to funding open-source Bitcoin development,” Wertheimer said.

“Fast forward a few years: Corporate chains will end up with the complex tech but without the added value for users, which is no central entity to control them. At that point, these chains will lose the focus from corporates.”

The experts suggest not yet.

Galaxy Digital reported strong third-quarter earnings, driven primarily by higher trading activity and continued expansion in asset management, signaling steady institutional interest in crypto-focused financial services.

Yarlagadda noted that crypto exchange-traded products are expected to “open new channels for investor participation through regulated, familiar structures,” citing his company’s work in building an “institutional backbone” for trading, derivatives, and credit.

“Good Lord, we’re screwed,” Oscar-nominated actor Emily Blunt said, reacting to an image of Norwood during a recent interview. “That is really, really scary.”
