Comprehensive Guide to python binance package

BNB Chain sees record user activity, transactions up 151% in 30 days

People have always looked to frontiers for freedom. That is because societies are, fundamentally, structures that organize violence to contain the desires of individuals in favor of the priorities of those in power. Generally, this has at least some pro-social qualities: Police have a privileged role as monopolists of violence so that we can buy deodorant at Walgreens without ringing a bell for an attendant. But that does not change what it is.

The alleged mastermind behind a \$14 billion crypto scam, currently on the run from the U.S. government, has begun moving billions of dollars worth of Bitcoin to new wallets, according to on-chain data.

Meanwhile, Turkish regulators have responded to growing adoption of crypto by expanding their watchdog powers. And the rising adoption of stablecoins in Asia has been at the center of a political stalemate in India.

Bear market timing

The exchange lost around 650,000 BTC in thefts that went undetected from 2011 until its 2014 collapse, while about 200,000 BTC was later found in an old-format wallet. Those coins became the foundation for creditor repayments overseen by court-appointed trustee Nobuaki Kobayashi.
