Twitter CEO Jack Dorsey: Bitcoin whitepaper is “poetry”

The emergence of smart contracts has brought revolutionary breakthroughs to blockchain technology. These self-executing computer programs can automatically trigger corresponding operations when preset conditions are met, without manual intervention. Smart contracts not only improve transaction efficiency but also greatly reduce trust costs. Currently, smart contracts have been widely applied in decentralized finance (DeFi), digital identity authentication, the Internet of Things, and other fields. With the continuous development of technology, the functions of

smart contracts will become more powerful, and application scenarios will become more abundant.

Each week features a new “Challenge” centered on a specific theme, such as decentralized finance (DeFi) or gaming. To complete a Challenge, users must finish a series of onchain “Quests,” which are individual tasks like swapping a token or minting an NFT on a participating decentralized application (DApp).

Dalio expressed a preference for gold, arguing that a central bank is unlikely to adopt the leading cryptocurrency by market capitalization as a reserve currency. Still, the outlook for some fiat currencies is bleak, he said in the interview with the Financial Times.

The group claims this demonstrates confidence in Bitcoin’s fundamentals and aligns with its goal of developing a Bitcoin-centric institutional finance platform that combines treasury management, liquidity aggregation, and mining operations within a regulated framework.

After the acquisition closes, 21Shares will continue operating independently under CEO Russell Barlow. FalconX said the move aligns with its broader 2025 expansion push in trading, asset management, and market infrastructure, following earlier deals for Arbelos Markets and Monarq Asset Management.
