China produces over 90% of the world's rare earth minerals and rare earth magnets used in electronics manufacturing, according to Reuters. The announced export restrictions on rare earths won't just reshape supply chains, but the entire global monetary order, Gromen said.

Gromen said that a hard money standard is the only fix for the current economic problems in the United States.

A challenge of the new policy, Google acknowledged, is making sure that consensual or “real content,” like nude scenes in a film, are not taken down along with the illegal AI deepfakes.

To some analysts, this inverse behavior suggests that the Bitcoin price is bottoming.
