RBC Capital Markets said that regional banks “remain well reserved for potential losses” and have bolstered capital since 2023, suggesting the recent sell-off may have been overdone.

"In practical terms, this means HIVE is scaling production of Bitcoin much like a growth business scales output of a core product," he wrote. "Each incremental exahash increases daily production and revenue potential, while our HPC division provides a complementary revenue stream that grows with demand for compute

power. "

Through the years, Musk has posted tweets, changed logos and made playful remarks that led to DOGE price pumps.
