Grayscale's staking-enabled ETPs have had a significant impact on Wall Street and the broader crypto ecosystem. It connects blockchain-based yield with regulated financial products, turning crypto ETPs from simple price trackers into income-generating assets. The initiative marks a key advance in institutional adoption. Regulated staking on Ethereum and Solana could draw substantial new capital to these networks while acting as a model for products linked to other PoS blockchains or tokenized assets.

The team promised that Ondo will do for securities what stablecoins have done for dollars, making the tokenized assets tradeable outside of typical market hours and available worldwide.
