Comprehensive Guide to syed ali hussnain okx

There was a spike in early 2020 due to the pandemic-induced lockdowns, but it was an extremely short recession. Currently, there is no imminent recession threat, though elevated risk remains.

Grok 4 and DeepSeek were the two best-performing generative AI chatbots in a crypto trading competition launched by developers that received viral attention.

Liquidity is typically thinnest during weekends and off-hours. Market makers widen spreads to manage risk, and a single headline can move prices beyond key levels before liquidity returns.

In August, Consenys founder Joseph Lubin said that Ethereum will “surge by 100 times and flip Bitcoin as a “monetary base.”

Android users beware: A newly discovered piece of malware is targeting smartphone crypto wallets. Uncovered by fraud prevention firm ThreatFabric, the “Crocodilus” mobile banking trojan employs tools including remote control, black screen overlays, and advanced data harvesting through accessibility logging to trick crypto holders into handing over their wallet seed phrase. The malware “is masquerading as crypto-related apps and involves specific social engineering techniques to make victims reve...

Ben-Sasson said in a Monday post to X that he was doubling down on his opinion that “corpo” chains won't last because they are not aligned with a fundamental concept of blockchain, which requires them to get “rid of their position as a central entity.”
