“Our investment in U.S. Triestina 1918 is about much more than football. It’s about connecting Dogecoin’s global community with one of Europe’s most storied clubs and proving that digital assets can drive real-world value, culture, and passion,” said House of Doge CEO Marco Margiotta in a statement.

The innovation of the Ethereum platform lies in that it is not only a cryptocurrency but also a decentralized computing platform. Ethereum supports the development and execution of smart contracts, providing a runtime environment for decentralized applications (DApps). The emergence of Ethereum has greatly expanded the application scope of blockchain technology, giving birth to numerous innovative projects. In recent years, the Ethereum network has also been

continuously upgraded and improved, such as the launch of Ethereum 2.0, which aims to solve the problems of network congestion and high energy consumption and improve the scalability of the system.
