“We need VCs for now because they represent a comfortable bridge for the world's capital to flow into our ecosystem,” wrote Lubin, adding:

Mauzy argued Armbrust was not a “malicious hacker” but instead was someone acting out of “desperation and despair,” noting how his client made no attempt to conceal the activity and had taken full responsibility for the losses.

The central bank is currently engaged in quantitative tightening, with no clear reversal plans to switch to QE until it reaches its target inflation rate of 2%.

The wallet movement marks SpaceX's second transfer in three months after the aerospace company moved \$153 million worth of Bitcoin in July, its first fund movement since 2022.

"The elephant in the room is are DATs really justified?" Chu questioned, noting "without a credible business case, rigorous governance, robust custody, and transparent risk controls, such DAT structures can become misaligned with shareholder interests and could invite the kind of liquidity and governance risks regulators worry about."

As crypto payments mature, many travel services and airlines, directly or via intermediaries, are offering bookings via BTC, ETH and sometimes XRP. When it comes to flights and hotel booking platforms, sites like Travala.com allow travelers to make bookings with BTC, ETH and many other supported digital assets.
