Gold's rally appears to have stalled after hitting an all-time high of around \$4,380 per ounce on Friday, given it has dropped 2.90% ever since. Still, the precious metal was up by over 62.25% year-to-date.

Last week, federal prosecutors announced criminal wire fraud and money laundering charges against Chen, who is currently at large.

But CJ Burnett, chief revenue officer at Compass Mining, told Decrypt that the company believed that the environment was favorable for remaining focused on mining.

A Pump.fun livestreaming duo made \$49,000 in crypto token creator fees while one member got slapped by fitness influencer Bradley Martyn after attempting to steal his hat—something he notoriously hates.

Chart patterns are shapes formed by price movements that help traders anticipate future market trends. These patterns fall into two main categories: reversal patterns, which signal that a current trend may change direction, and continuation patterns, which suggest the trend will likely resume after a brief pause. They stem from market psychology, where emotions like fear, greed and uncertainty drive collective trading behavior and create recognizable shapes on charts.

Flag and pennant patterns form after sharp price moves. Flags appear as small, parallel channels, while pennants look like compact triangles. Both signal brief pauses before the prevailing trend continues.
