Twitter CEO Jack Dorsey: Bitcoin whitepaper is “poetry”

Ultimately Ben-Sasson said it’s great that corporations want to adopt blockchain technology because it means “blockchains are no longer this scary thing anymore.”

Such an integration would create a multimodal AI tool that can handle various types of media and provide comprehensive search results.

And for the casual observer: Enjoy the ride. Parabolic rallies are beautiful until they’re not, and in crypto, the transition from “beautiful” to “brutal” can happen in

hours.

It's worth noting that Armbrust was mining at a time when Ethereum still relied on a proof-of-work system, which demanded significant computing power and energy use, before its transition to proof-of-stake in September 2022.

The NHL's endorsement lends credibility to platforms that have operated in a regulatory gray area while potentially paving the way for other major leagues to follow.
