As the first successful application of blockchain technology, cryptocurrencies have gone through more than ten years of development. From the initial Bitcoin to the

current wide variety of tokens, the cryptocurrency market has experienced multiple booms and busts. High-end brands and luxury car dealerships are also entering the crypto payment space. For example, Post Oak Motor Cars in the US accepts Bitcoin for buying super-luxury cars via BitPay. In Europe, platforms like BitCars have built a crypto-only marketplace for premium and classic vehicles.
