His post later prompted a response from Ethereum co-founder Vitalik Buterin, who made a point to acknowledge Polygon's achievements in the broader Ethereum community.

In response to an X user's question, he also agreed that in the short term the chains from large financial giants could help mainstream adoption.

Unlike a company's stock market cap, which is based on outstanding shares, the market cap of gold is a calculation of the total value of all the gold that has ever been mined; however, it is impossible to know the exact amount.
