That may not seem like a significant supply shock in today's Bitcoin economy. On Wednesday, Bitcoin had a \$2.24-trillion market capitalization, but back in early February 2018, that number stood at roughly \$140 billion, when Kobayashi's sales represented about 0.26% of the asset's total value.

The world's top-ranked nightclub has opened what its owners say is the first permanent art gallery inside a club, as part of an effort to blend nightlife with digital art.

“What that means is that when you remove a result from search under our policies, in addition, what we'll do is on any query that includes your name—or would be likely to surface that page from search—all explicit results will be filtered,” the spokesperson said. “So not all explicit results will be removed, but all explicit results will be filtered on those searches, which prevents them from appearing on searches where it would be likely to show up.”

Both packages have now been removed and cannot be downloaded, meaning they no longer pose a risk to developers.

On Oct. 13, Bloomberg reported that China Renaissance Holdings Ltd., an investment bank based in Beijing, was in talks to raise about \$600 million to form a digital-asset treasury (DAT) in the US to accumulate BNB.
