Comprehensive Guide to what's the difference between binance and coinbase

“I don’t expect a broad altcoin rally like in previous cycles,” he said. “This time, growth will be likely driven by select, high-quality projects rather than the entire market moving at once.”

The film uses the human angle to frame a debate that was prevalent at the time. When an attacker takes money from a smart contract, relying on the contract’s internal logic to obtain tokens outside of the creator’s intention, is that wrong? Should the attacker be censured, legally or otherwise, or is this simply fair play?
