Both bills pursue identical goals as they require crypto mining companies to pay into New York's Energy Affordability Programs based on their electricity consumption.

Although Galaxy's business focuses on financial services and asset management, the company is also engaged in data center infrastructure. The firm said it remained on schedule to deliver power to AI cloud computing platform CoreWeave in the first half of next year.

Did you know? Candlestick charts originated in 18th-century Japan, where they were first used to track rice trading, long before making their way into modern crypto markets.
