With a median return of 52% in the fourth quarter, Bitcoin has indeed displayed exceptional gains over the past decade, according to CoinGlass data.

However, he predicts that in a few years the blockchains built by these companies will most likely be abandoned when they “cause too big a headache from a technical point of view,” and after users choose to avoid them because they aren’t attractive enough from a “DeFi/self-custody/control-my-asset point of view.”

ETH price is expected to resume its prevailing bearish momentum after the confirmation of a classic bearish pattern.
