California state pension fund CalPERS recorded mixed reactions from board candidates on crypto investments during Wednesday's forum, despite the system holding shares in Bitcoin treasury company Strategy, previously known as MicroStrategy.

Cross-border payment is one of the important application scenarios of blockchain technology. The traditional cross-border payment process is complex, involving multiple intermediaries, with long settlement time and high fees. In contrast, cross-border payments based on blockchain technology can realize direct peer-to-peer transactions, greatly simplifying the process, shortening settlement
