A quick push below support (often just a wick), followed by an aggressive reclaim and a strong close back inside the range.

Grayscale's introduction of staking-enabled funds marks a key milestone shaped by evolving oversight and growing market competition. The US Securities and Exchange Commission issued guidance for crypto ETPs in May 2025, clarifying that certain custodial staking activities may operate within existing securities laws when managed through regulated custodians and transparent structures. This development has eased earlier barriers that prevented ETFs from earning onchain rewards.

The new "DraftKings Predictions" is expected to debut as a mobile app in "the coming months," covering all markets from finance and culture to entertainment.
