“Not every project in Crypto needs to have blockchain, now everyone wants to build something around creating a blockchain,” they said.

“Most respondents are bullish on Bitcoin,” David Duong, head of research at Coinbase Institutional, wrote in a research report titled “Navigating Uncertainty.”

Chart patterns are shapes formed by price movements that help traders anticipate future market trends. These patterns fall into two main categories: reversal patterns, which signal that a current trend may change direction, and continuation patterns, which suggest the trend will likely resume after a brief pause. They stem from market psychology, where emotions like fear, greed and uncertainty drive

collective trading behavior and create recognizable shapes on charts.

Here's what it means for Bitcoin and hard money assets

"We are also excited to add Trump Coin to our cryptocurrency plan," he added, "as we believe the coin's value should track the success of the Trump presidency, which so far has been impressive."
